
Submission Instructions

The William T. Grant Foundation accepts applications only through our online application system, which is accessible through our website at wtgrantfoundation.org. For specific deadlines, please visit the Grants page of our website.

We encourage applicants to begin the application as early as possible to review the online application and allow enough time to resolve any technical issues that may arise.

The application now includes an Institutional Signature section. You will need to enter the name and email address of the individual that is authorized to sign sponsored research grants, contracts, and agreements on behalf of your organization. This is usually the Office of Sponsored Programs, Grants and Contracts, Signing Official, or some similar office. It should not be the Chair or the Dean. Please allow time for the signatory to review the application before the deadline.

1. Log in (or register if you are a new user).

Please note that the Principal Investigator (PI) is the applicant and the application must be submitted through the PI's account.

- Go to wtgrantfoundation.org and click “LOG IN” at the top right of any page.
- If you have not submitted online with us before, you will need to register to obtain a log-in ID and password.
- If you have submitted with us before but have not used our new system, you will need to obtain a new password. Click on the “Forgot Password?” link. You will only need to do this the first time you access the new system.
