Financial Statements

December 31, 2015 and 2014

Independent Auditors' Report

The Board of Trustees William T. Grant Foundation, Inc.

We have audited the accompanying financial statements of the William T. Grant Foundation, Inc. (the "Foundation"), which comprise the statements of financial position as of December 31, 2015 and 2014, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

The Board of Trustees William T. Grant Foundation, Inc. Page 2

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the William T. Grant Foundation, Inc. as of December 31, 2015 and 2014 and the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America

Report on Supplementary Information

PKF O'Connor Davies LLP

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information included on pages 13-15 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or the financial statement themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Notes to Financial Statements December 31, 2015 and 2014

1. Organization

William T. Grant Foundation, Inc. (the Foundation) was established by William T. Grant in 1936. The goal of the Foundation is to support research that improves the lives of young people. The primary source of revenue for the Foundation is its investment activities.

2. Summary of Significant Accounting Policies

Basis of Presentation and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Accordingly actual results could differ for those estimates.

Cash and Cash Equivalents

Cash and cash equivalents represent short-term investments with maturities of three months or less at time of purchase except for those short-term investments managed by the Foundation's investment managers as part of their long-term investment strategies.

Fair Value Measurements

The Foundation follows U.S. GAAP guidance on Fair Value Measurements which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable inputs and are used to the extent that observable inputs do not exist.

During 2015, the Foundation adopted new U.S. GAAP guidance which removed the requirements to categorize within the fair value hierarchy alternative investments where fair value is measured using the Net Asset Value ("NAV") per share as a practical expedient. Adoption of this guidance was applied retrospectively and had no effect on the carrying value of such investments.

Investments Valuation and Income Recognition

Investments are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Realized gains and losses on the sale of investments are computed on the specific identification basis. Realized and unrealized gains and losses are included in the determination of the change in net assets.

.

Notes to Financial Statements December 31, 2015 and 2014

2. Summary of Significant Accounting Policies (continued)

Property and Equipment

The cost of office furniture, leasehold improvements, fixtures, and equipment purchased during the course of normal business activities is charged to operations when purchased, as such purchases are not significant.

Grants

Grants are recorded when authorized by either the Board of Trustees or by officers of the Foundation within limits specified by the Board of Trustees.

Postretirement Benefit Plan

The Foundation follows U.S. GAAP guidance on Defined Benefit Plans which requires the Foundation to recognize the funded status of the Foundation's postretirement medical and health benefits as an asset or liability in its statement of financial position with a corresponding adjustment to change in net assets in the statement of activities. The adjustment to change in net assets represents the balance of unrecognized actuarial gains that will be recognized within net periodic cost in the future.

Net Asset Presentation

Net assets and revenues, expenses, gains and losses are classified based on the existence or absence of donor imposed restrictions. The Foundation's net assets are neither permanently nor temporarily restricted by donor imposed restrictions and are classified as unrestricted.

Functional Allocation of Expenses

The costs of providing various programs and related supporting services have been summarized on a functional basis in the accompanying financial statements. Accordingly, certain costs have been allocated among the appropriate programs and supporting services benefited.

Accounting for Uncertainty in Income Taxes

The Foundation recognizes the effect of tax positions only if they are more likely than not to be sustained. Management has determined that the Foundation had no uncertain tax positions that would require financial statement disclosure and/or recognition. The Foundation is no longer subject to examinations by the applicable jurisdictions for periods prior to December 31, 2012.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is November 8, 2016.

Notes to Financial Statements December 31, 2015 and 2014

3. Investments

The following are major categories of investments measured at fair value on a recurring basis at December 31, grouped by fair value hierarchy for those investments subject to categorization within such hierarchy:

^(*) As discussed in Note 2, investments that are measured using the practical expedient are not classified within the fair value hierarchy.

Notes to Financial Statements December 31, 2015 and 2014

3. Investments (continued)

(a) Based on its analysis of the nature and risk of these investments, the Foundation has determined that presenting them as a single class is appropriate.

Information regarding alternative investments valued at NAV using the practical expedient at December 31, 2015 is as follows:

| | | | Redemption Frequency (If | |
|--|---|-------------------------------------|------------------------------|-------------------|
| | | Unfunded | Currently | Redemption |
| | Fair Value | Commitments | Eligible) | Notice Period |
| Hedge funds (see "a" below) Private equity (see "b" below) | \$ 67,188,842 78,204,574 \$ 145,393,416 | \$ - 21,641,207 \$ 21,641,207 | Monthly - Annually Locked | 20-90 days N/A |

- a. This category includes investments in "hedge funds" that invest predominantly in limited partnerships, similar pooled investment vehicles and direct investments in securities and loans. These funds were primarily formed with the purpose of achieving long-term growth of capital with reduced volatility by allocating its capital among various money managers. Investments in this category may be redeemed monthly to annually, in whole or in part, subject to written notice before the prior quarter's close.
- b. This category includes several private equity funds that invest primarily in private equity investment partnerships. These investments can never be redeemed with the funds. Instead, the nature of the investments in this category is that distributions are received through liquidation of the underlying assets of the fund. Management has estimated that the underlying assets of these funds will be liquidated over 1 to 8 years.

Alternative investments consist of non-traditional, not readily marketable investments, some of which may be structured as offshore limited partnerships, venture capital funds, hedge funds, private equity funds and common trust funds. The underlying investments of such funds, whether invested in stock or other securities, are generally not currently traded in a public market and typically are subject to restrictions on resale. Values determined by investment managers and general partners of underlying securities that are thinly traded or not traded in an active market may be based on historical cost, appraisals, a review of the investees' financial results, financial condition and prospects, together with comparisons to similar companies for which quoted market prices are available or other estimates that require varying degrees of judgment.

Because of the inherent uncertainty of valuations, the estimated fair values may differ significantly from the values that would have been used had a ready market for such investments existed or had such investments been liquidated, and those differences could be material.

Notes to Financial Statements December 31, 2015 and 2014

4. Grants Payable

The following summarizes changes in grants payable as of December 31:

| 10,232,798 | \$ 10,434,971 |
|--------------------------|------------------------------------|
| 12 057 688 | 11,072,948 |
| 10,197,374) (112,918) | (11,275,121) - \$ 10,232,798 |
| | |

Grants payable are scheduled to be disbursed as follows:

| 2016 | \$ 7,681,136 |
|------|------------------|
| 2017 | 3,137,715 |
| 2018 | 881,428 |
| 2019 | 279,915 |
| | \$ 11,980,194 |

5. Lease Commitment

The Foundation has a lease agreement for office space which expires on September 30, 2018. The lease contains escalation clauses that provide for increased payments resulting from increases in real estate taxes and certain other building expenses in excess of the base period amounts. The Foundation's policy is to record base rent on a straight-line basis over the terms of the lease. Future minimum rental payments under this lease are as follows:

| 2016 | \$ 1,175,288 |
|------|-----------------|
| 2017 | 1,195,855 |
| 2018 | 908,612 |
| | \$ 3,279,755 |

In August 2012 the Foundation entered into an agreement to sublease a portion of its space expiring September 2018. This agreement requires monthly payments to the Foundation of approximately \$13,000 for the first twelve months increasing to approximately \$15,000 for the last twelve months. Rental income is recognized based on the terms of the lease.

6. Retirement Benefits

Retirement benefits under a defined contribution plan are provided through the Teacher's Insurance and Annuity Association to all permanent employees who have completed six months of continuous service. Contributions are expensed when made. Plan expenses in 2015 and 2014 were \$306,209 and \$272,981.

Notes to Financial Statements December 31, 2015 and 2014

7. Postretirement Healthcare Benefits

In addition to the above retirement plan, the Foundation sponsors an unfunded plan to provide certain health care benefits for retirees of the Foundation. The Foundation funds its postretirement benefits costs on a pay as you go basis.

Information as of and for the years ended December 31 for the plan is as follows:

| | 2015 | 2014 |
|---|--------------|--------------|
| Benefit Obligation | | |
| at End of Year | \$ 2,100,565 | \$ 2,465,788 |

^{*} Health Care Cost Trend Rate

Notes to Financial Statements December 31, 2015 and 2014

7. Postretirement Healthcare Benefits (continued)

Measurements used to determine the postretirement benefit obligation for the years ended December 31, 2015 and 2014 were computed as of December 31.

For measurement purposes, a 8% annual rate of increase in per capita cost of covered health benefits was assumed for 2015, decreasing to 5.5% in 2020 and thereafter.

Net benefits expected to be paid in each of the next five years and the following five years in the aggregate are as follows:

| 2016 | \$ | 112,864 |
|-----------|-------------|----------|
| 2017 | | 114,799 |
| 2018 | | 116,197 |
| 2019 | | 115,564 |
| 2020 | | 115,091 |
| 2021-2025 | | 586,893 |
| | <u>\$ 1</u> | ,161,408 |

8. Federal Excise Taxes

The Foundation is nonprofit organization exempt from Federal income taxes under the provisions of Section 501(c)(3) of the Internal Revenue Code (the Code), and is a private foundation as defined in Section 509(a) of the Code. The Foundation is subject to a Federal excise tax of 2% on its net investment income, as defined, for tax purposes. However, the excise tax can be reduced to 1% if certain conditions are met. Deferred taxes arise from differences between the cost and fair value of investments.
